Hedley Bull And International Society
Hedley Bull's contribution to the theory of international relations is considerable; and nowhere more acute than in the distinction which he made between the concept of a system of states and that of an international society. His definitive formulation is set out in Chapter I of The Anarchical Society.

Hedley Bull, states systems and international societies ...
Hedley Norman Bull, FBA (10 June 1932 – 18 May 1985) was Professor of International Relations at the Australian National University, the London School of Economics and the University of Oxford until his death from cancer in 1985. He was Montague Burton Professor of International Relations at Oxford from 1977 to 1985, and died there.

Hedley Bull - Wikipedia
Hedley Bull authored the most concise definition, according to which international society “exists when a group of states, conscious of certain common interests and common values, form a society in the sense that they conceive themselves to be bound by a common set of rules in their relations with one another, and share in the working of common institutions” (Bull, 2002, p. 13).

International Society | Oxford Research Encyclopedia of ...
Hedley Bull was one of the most important figures in the academic study of international relations. Although his work ranged widely, one simple but powerful idea constantly recurs: that sovereign states form among themselves a society and that this society must be understood on its own terms.

Hedley Bull on International Society | Kai Alderson and ...
148 Hedley Bull, states systems and international societies decisive formulation of the nature of the European international society) were made possible by Ottoman pressure on the Habsburgs, co-ordinated by the Franco-Turkish alliance which brought the other anti-hegemonial powers into friendly relations with the Ottomans.

Hedley Bull, States Systems and International Societies
Bull also developed the notion that international society was susceptible to both “pluralist” and “solidarist” interpretations, where “pluralism” is taken to represent the idea of a society of equal states with little or no common purposes, saving only the maintenance of the society itself, and “solidarism” assumes a much more integrationist pathway of notions of international ...

International Society - International Relations - Oxford ...
International society. Hedley Bull, however, argued that states share a certain common interest (usually the "fear of unrestricted violence") that lead to the development of a certain set of "rules". He thus defined an international society as existent when:

**English school of international relations theory - Wikipedia**
We can see the classical approach to pluralism and solidarism in Hedley Bull’s essay ‘The Grotian Conception of International Society' (1966). Pluralism is the realist or positivist side of rationalism; it sees the state as the principal actor in the international system and argues that the international law is made entirely by states.
